cc 5-31-18

To: CA. Atty. Gen.
Xavier Becerra;

I am writing your office once again. Because things at San Quentin is only getting worse, the Conspiracy to MURDER ME have only intensified since my last Complaint to you (2017).

In regards to my last Complaint one of your deputy responded to it - laying out the different branches of California government and pointing out that the Inspector General office had oversight over CCR, but also the California Attorney's General office do to

So, I am coming back to your office (because I've been to the Inspector General office twice in the last several months, but there have been no response (I am enclosing a copy of the last Complaint I sent to the Inspector General office (5-6-18))).

Now, I come back to your office requesting you use your oversight-and-police powers, to launch a serious, thorough and indepth Investigation into my Charges: MALFEASANCE (STAFF CORRUPTION, AND MURDER FOR HIRE).

Also, Can you look into why the Inspector (OVER)

General office is not responding. Thank You!

RESPECTFULLY
Cedric J. Johnson
