To: ROBERT A. BARTON  
INSPECTOR GENERAL;

This is Cedric, writing from Death Row. I had sent you a Vanilla Envelope with 10-sets of Complaints--and-some of the responses I received back over the last three years.

I sent you a face document explaining why I was writing once again on (4-10-18)--did you get the documents? I am of the firm belief you did not get them.

When I sent your office my Complaints in (2015), your office responded--saying "it had conducted a review into my issues you raised and determined no intervention is warranted by our office at this time."

So, instead of me attempting to persuade your office of the "Truth of My Charges" and reconsider your office (San Quentin Administration Telephone position) I just pushed forward with my Complaints to other entities--and-oversight groups (i.e.; Gov., Civ. Atty. Gen. (who directed me back to you); U.S. Atty. Gen.; FBI Director; Congress members; both U.S. Presidents--Obama and Trump etc.).

Now, San Quentin Staff Criminal Acts and (over)

attempts to MURDER ME have expanded and getting more extreme and desperate.

I repeat (1) that Family members of one of my falsely alleged victims (Gregory Hightower) works at San Quentin, and been up to their neck in the Massive Staff Conspiracy to MURDER ME.

And (2) staff have also taken a million (or more) Dollars in bribes to MURDER ME, and have been spreading out the money to entice, induce and encourage all type of other staff to get involved in the Conspiracy to MURDER ME.

At this time, I have just ended a "32-days HUNGER STRIKE" protesting what's been going on and attempting to get a serious-thorough investigation.

So, I will end this letter here - I pray that you will start a investigation into my charges

RESPECTFULLY  
Cedric J. Johnson
