To: Hassan Ego,

1st, I received your recent letter. The reason I wanted to know how you was picked to be case taker of my case - it's because I am trying to get the INNOCENT PROJECT to take my case. (I have enclosed one of the letters from the INNOCENT PROJECT - informing me that they are willing to assist).

2nd, I can use your help in retrieving my NOTICE OF APPEAL I sent back to the California Supreme Court (About Jan. 1999) where I wrote a short declaration on the document - "That a crime was knowingly & intentionally perpetrated against me to dump me on death row etc."

I have wrote the California Supreme Court several times to get this documents - without success. (over)

Thank you for your help.

Know, that the California Supreme Court
has done me a Greater DISERVICE
than the lower Appellate Lawyer, & the
lower Lawyer, that the Court, forced on
me at Court. (They know that they were
engaged in Crimes against me.)

Well, I close on that note. Thank You
for your time.

Respectfully
Cedric Johnson
