To: Governor
Baker Newsom,

Dear Gov.,

I am coming once
more-seeking a Governor Pardon.

Once, the records in my case is honestly
evaluated & dissected (it's NO DOUBT that I
have been intentionally subjected to excessive
misfeasance, multi level of complicity, vin-
dictive prosecution, knowingly using "all false
& perjured evidence"-explicit, Criminal emphasis
'added') I do not speak the above words
lightly.

Note: Every day that I linger in this foul place
called (S.F.) death row & prison is more- & -
more (a) blight on the face of LAW- & -Consti-
tutions.
