1) This is my 3rd request  
in 2-month, asking the Court position on,  
we receiving Habeas Corpus Attorneys?  
(Because I have No Attorneys).

2) Also, this is my 3rd  
request asking for (a Copy of my Notice  
to Appeal).

The Notice to Appeal/document is  
important because it shows, not only  
do I want my Appeal - But more  
importantly, that I wanted to do my  
own Appeal (Because of malfeasance,  
malpractice, systemic Corruption I've  
been deliberately subjected to).

I would write on my Notice to Appeal,  
I've been knowingly; Internationally  
dumped on death row based on  
(over)

Multi-Level of Complicity - "using all false  
& perjured evidence."

I "signed off" saying, I wanted to do  
MY OWN APPEAL.

I request once more to be provided  
a Copy of MY "NOTICE TO APPEAL".
