To: Gov. Legal Affairs;

I am writing to request  
a application for a pardon.

I am presently on San Quentin death row  
(where, I've been intentionally & unlawfully  
for the last 24 years).

Can you please send the application in Care  
of:

Cedric Johnson

K-61104,

Thank You!

P.S.

Also, I am being targeted to be murdered by  
San Quentin staff - one reason family members of  
one of my "falsely alleged victims" works here.  
... the second reason - staff is taken large sum  
of money (Bribes).

Gov, your intervention would be deeply appre-  
ciated - the long overdue!

if something happen to NAB & the Cameras isn't work-  
ing - it's foul play. . . if something happen too NAB  
& the Cameras is working - it's Food Tampering  
[Emphasis added].

God, once again I come to you about what been going  
on. I maintain my position(s).
